VISIT CARSON CITY STRATEGIC COMMUNICATIONS PLAN

VISIT
CARSON
CITY NV

PR, CONTENT, SOCIAL MEDIA

The Visit Carson City communications strategy is designed to build and leverage relationships with partners and media while communicating effectively with our target audiences to tell the Carson City story. When public relations, content and social media complement one another, those synergies amplify our message. Our approach to developing objectives, optimizing reach, touching and engaging people all supports the goal of compelling storytelling.

This philosophy will also tie into our digital-first mindset, understanding opportunity and optimization can be found through data. We will be actionable in connecting brand-centric messaging with quantifiable insights for more meaningful returns.

TARGET AUDIENCES

PRIMARY AUDIENCES

Older Weekday Travelers

Retirees are on the road and they're avid travelers. They like to take their time, avoid the crowds and value relaxation and rejuvenation. They're also interested in multi-generational travel, so it's important to them to go somewhere the whole family will enjoy.

Millennial Families

Millennials travel more than other generations. Quality time, relaxation, safety and convenience are what's important for a millennial family. They're less interested in a metropolitan area and are attracted to destinations that are easy to get to. This lends more time to create memories and less time fussing over logistics.

TARGET AUDIENCES

NICHE AUDIENCES

Business Travelers

There is opportunity to reach this audience for extended stays or to recommend Carson City to family and friends.

Capital Chasers

The accessibility and beauty of Carson City's Capitol Building and grounds is an uncommon and appealing quality for travelers.

Railway Buffs

The V&T Railway and Nevada State Railroad Museum are huge draws for those seeking to experience railroad history.

Highway 50 Trekkers

The first or last stop on U.S. 50 is Carson City, where you can get your NV HWY 50 Survival Guide Passport stamped and experience the loneliest highway.

Mountain Bikers

With several major mountain biking events and trail systems geared toward all levels, Carson City is becoming a sought-out destination for biking trips.

OUR AIM/GOAL

The overall goal is to welcome more visitors to Carson City and help increase overnight stays.

We will feature a locals' perspective video piece every two months in the first year starting in November, which will showcase a local talking about his/her experiences and why they love Carson City. They can expand across community leaders, small business owners, arts and culture members and more. Videos will be showcased on VisitCarsonCity.com and on social media. Content curation will be led by the creative team members.

Hashtags are the best way to expose your posts to a wider audience. They help people interested in the hashtag topic see posts they may not see otherwise.
