Dear David Peterson- Thank you for your application for Travel Nevada's 3D Project Funding. We are pleased to inform you that the Cultural Corridor's application has been approved in the amount of \$631,350. The 3D Project Working Group was impressed by your application, and wanted to provide you with the following feedback: This project aligns with the 10-year Destination Plan, is well considered, well-articulated, and is likely to provide a strong base upon which to build a strong creative economy. This project provides quality of life enhancements for residents of the corridor while taking meaningful steps to build a reputation as an arts and culture tourism destination. The Working Group recommends that the Project Leads consider some adjustments to the budget. These include changing the "Murals" and "Sculpture" categories to a more general "Public Art" category to allow for more flexibility and considering an increase to the contract amount of the executive director for the proposed non-profit to ensure that the organization is able to attract the best candidates. It was also noted that the Cultural Corridor should look for ways to partner with the region's existing outdoor recreation economy. We appreciate your effort to put together this application and look forward to continuing partnership between Travel Nevada and the Cultural Corridor to advance destination development. Please be sure to sign your Grant Agreement, EDA acknowledgement, and Project Disbursement request and return them to Travel Nevada no later than October 25, 2024. Kind Regards

Dear 3D Project Funding Awardee,

Travel Nevada has allocated a portion of Nevada's Travel, Tourism, and Outdoor Recreation grant, awarded through the American Rescue Plan Act administered by the United States Economic Development Administration, to fund the FY24 3D Project Funding Awards. The Nevada Division of Tourism would like to bring to your attention the Federal Program requirements for this funding.
